ANDREWS READY TO CLEAR OUT

ATTORNEY GENERAL NOTIFIES CARTER THAT HE IS PREPARED TO RETIRE.

The question of the tenure of office as Attorney General by Lorenz Andrews is now entirely in the hands of Governor Carter and the announcement of his successor may be made at any time.

"I have told the Governor that I am ready to step out at any time," said Attorney General Andrews this morning "and it will take me only about a week to tie up the loose ends of my business in the office here. I hope to have the Fishery Rights cases all finished before I leave the office."

Children Like to Take It.—The finest quality of granulated loaf sugar is used in the manufacture of Chamberlain's Cough Remedy, and the roots used in its preparation give it a flavor similar to maple syrup, making it quite pleasant to take. Boyd Taken Into Custody

THE FORMER LAND COMMISSIONER THOUGHT TO BE TRYING TO ESCAPE ON THE TRANSPORT SHERMAN, BOUND FOR MANILA, AND IS SURRENDERED BY HIS BONDSMEN—CIRCUMSTANCES WHICH MADE THE BONDSMEN BECOME SUSPICIOUS.

Eddie S. Boyd, former land commissioner, now under sentence to serve ten years for embezzlement of public funds, was today surrendered by his bondsmen, George H. Robertson. The belief that Boyd was attempting to escape from the territory aboard the transport Sherman was the cause for the prompt action being taken by Robertson.

Boyd's actions during and since the arrival of the transport yesterday have been such as to arouse suspicion that he intended to try and escape the country, so Robertson decided not to run any risk of having to pay the bail money which would have been declared forfeited in the event of Boyd escaping.

Boyd was convicted nearly two months ago of embezzling public money and was sentenced to serve ten years. An appeal was taken and he was released under a \$7,000 bond furnished by George H. Robertson of C. Brewer & Co. Boyd has acted as usual since the appeal was taken and no particular suspicion against him appeared to have been entertained. Yesterday Boyd's actions were such however as to create a strong suspicion that he was scheming to jump his bond and try to escape to the Philippines. Boyd went to L. Marks of the local stevedoring company and asked for employment. Boyd explained that he was in need of money and was willing to accept any sort of labor. He asked if Marks would not give him a job with the stevedoring gang coaling the transport Sherman. The vessel had arrived yesterday at noon and was scheduled to sail today at 5 o'clock for

PRAISES LOCAL MILITIA

OFFICIAL REPORT TO THE WAR DEPARTMENT BY CAPTAIN HAMILTON ON THE SHOWING MADE BY THE NATIONAL GUARD IN ENCAMPMENT WITH THE REGULARS HERE—CONDUCT OF THE MEN GENERALLY GOOD AND MUCH IS FOUND TO PRAISE.

Governor Carter has received from F. T. Ainsworth, Military Secretary of the War Department at Washington, a copy of the report rendered by Second Lieutenant Wesley W. K. Hamilton of the Artillery Corps, on his tour of duty with the National Guard of Hawaii. The report covers the work done at the camp in Kapiolani Park from June 8 to 14 inclusive and also deals with the guard here in general terms. The document contains the following:

"As to the matter of proficiency in all drills, the regiment may as a whole be classed as 'Good.'"

"The commissioned personnel were ascertained to be intelligent and capable. Anxiety to receive instruction and a decided disposition to heed it was eminently characteristic of the entire commissioned personnel. Good conduct, and an earnest application to the work before them was manifested during the entire encampment, by all of the officers present. If any of them failed at any time, it was not due to the fact that they had not tried, but was solely attributable to their inexperience. Under this head I enclose a confidential supplemental report marked 'Enclosure No. 1' The conduct of the enlisted men during the entire encampment was excellent. Their almost uniform sobriety and good conduct was remarkable. Few courtesies were rendered officers by enlisted men, though the officers seemed to be respected and obeyed, and I was pleased to note that they did not mingle with the men for the purpose of making companions of them. The rendition of courtesies to the officers, however, showed a marked improvement towards the close of the encampment. The men are of a good age and are probably older than most National Guard regiments on the mainland. Physically they are well adapted for service."

"Guard duty was very well performed with a few exceptions on the part of the enlisted personnel. The officers and non-commissioned officers were well instructed. The sentinels on post were generally well instructed. The regiment is composed of a great many

natives, and some of them find it difficult to memorize and understand the general orders for sentinels on post.

"Target practice with small arms was not had during the encampment. On the afternoon of June 10th, 1904, target practice was held for the officers and non-commissioned officers of the regiment with the Colt's Automatic gun, Cal. 30, Field Mount.

"In the matter of records, the detachment of the Hospital Corps kept complete records. At regimental headquarters a record of drills and all other events of the encampment and the rosters required to be kept at regimental headquarters constituted all the records kept there. The companies had no record books, except a book containing the names of the members of the company and a morning report book unlike in form that adopted by the regular establishment, but containing essentially the same information. The officers and men for the most part have had no practical experience in keeping records and conducting military correspondence, and consequently are wholly ignorant of these matters. In this connection I would suggest that, if practicable the regiment be furnished with a complete set of regimental headquarters and company record books along with a sufficient number of field desks to supply the regiment as to the lack of knowledge existing as to the manner of keeping records and the failure to realize its importance, due entirely, I believe, to unfamiliarity with the work, is the most unsatisfactory feature of this regiment."

"Practical and theoretical instruction in castroement and camp sanitation, instruction in the method of policing the camp properly."

"Daily instruction in cooking and handling the army ration."
